**COPPERWATCHER™**

AIR CONDITIONING THEFT  
DETECTION SYSTEM

[www.copperwatcher.com](http://www.copperwatcher.com)

*You protect your home and your business from theft, now it's time to detect theft specifically for your air conditioning system.*

## **COPPERWATCHER™**

AIR CONDITIONING THEFT  
DETECTION SYSTEM

- **Attaches to your air conditioner**
- **Connects to ANY alarm system**
- **Detects theft of any type of air conditioner**
- **Provides total protection**
- **Does not void any factory warranty**
- **One year replacement warranty**

(Actual Size)

- Monitors voltage in multiple locations
- Monitors all types of refrigerant
- Supervised and monitored by the existing installed security system
- Hard wire or wireless connections to alarm system
- Tamper proof construction
- No false alarms, it knows the difference between a power outage and a theft attempt
- Available for 208/230 and 480 volt systems
- Does not interfere with servicing the air conditioning system

*It's not what your A/C is worth,  
it is what it will cost to replace it.*
